

**H1****H2****I1****I2****J1****J2**

**Supplementary Figure S1.** Funnel Plots for association of overlapped metabolites and gastric cancer risk. **H1, H2** – 5-methyluridine; **I1, I2** – 1-dihomo-linolenylglycerol; **J1, J2** – Sphingomyelin

**Supplementary Figure S2.** Funnel plots for association of overlapped metabolites/ratios and gastric cancer risk. **K1, K2** – Carnitine to propionylcarnitine (C3) ratio; **L1, L2** – 1-oleoyl-2-docosahexaenoyl-GPC; **M1, M2** – Arachidonate to linoleate ratio; **N1, N2** – Andro steroid monosulfate
